Wedding Cruises & Honeymoons

What better way to say I love you, than to sail off to adventure and romance.

Imagine saying your vows under the azure skies while at an exotic port of call. As your ship sails serenely across the ocean, it becomes one of the most romantic wedding venues on Earth; incomparable to anything you would ever find ashore.

Whether your wedding is an intimate ceremony or grand event with many guests, we will provide the added touches to ensure you that it will be the wedding of your dreams, filled with unforgettable moments.

Hosting your wedding on a cruise ship is a unique alternative that allows you to combine your wedding ceremony, reception and honeymoon vacation into one complete unique package.

With packages available in over 100 beautiful ports of call, you can choose a destination perfect for you and your guests. An average wedding at sea costs as little as £5,000, including your honeymoon.
