### About the Resort

Mixing traditional European heritage with a contemporary twist, holidays at AVANI Seychelles Barbarons Resort & Spa can be the ultimate in relaxation or packed full of activities.

The six dining options ensure plenty of variety and something for everyone. Relax with a cocktail while the sun sets at Gravity or savour the Pan Asian flavours at Tamarind while dining on the deck or beach.

Each room and suite at AVANI Seychelles Barbarons Resort & Spa has its own balcony or terrace with spectacular views of lush, tropical gardens or the sparkling Indian Ocean.

Beach lovers can opt to stay within easy access of the soft white sand and warm water of the beach, while those seeking a relaxing break can choose to stay close to the AVANI Spa. Both contemporary and calm, the spa and wellness centre is the perfect hideaway to de-stress and unwind in.

Guests are encouraged to try something new with yoga, traditional island cooking, dancing, crafting and language classes all offered. Alternatively, guests can enjoy an action-packed excursion to discover more about the Seychelles.
